Your Safety is Important

Phone and internet access have become increasingly important in our everyday lives. For those who are victims and survivors of domestic and family violence, a mobile phone or internet service can be a lifeline, but also a tool of control, and the financial hardship often facing those escaping a violent situation can impact their ability to pay bills and access telecommunications services.

This policy outlines Dreamtilt's commitment to supporting customers who are experiencing, or have experienced, family & domestic violence.

This policy sets out the resources and ways we can help support you if you are affected by domestic or family abuse. This can include physical, sexual, emotional, and/or psychological abuse.

Domestic or family abuse can also involve situations of technology facilitated abuse or financial abuse, which are both serious forms of domestic and family abuse where someone uses money or technology to gain power or control over their partner (or relative).

Keeping you safe and helping you stay connected to your support network is our priority.

Your information is safe. Your privacy is priority.

If you let us know that you are affected by domestic and family violence, we won't disclose anything you tell us to another person, even if their name is on the account. We have a secure process, designed to ensure you do not need to explain your situation to us each time you contact us. We will be guided by the information you provide to us and provide you with assistance to support your safety.

You can choose to communicate with us via the platform you are most comfortable with, with ways to contact us found in this policy and on our website here -

<https://www.dreamtilt.com.au/contact-dreamtilt/>

You may want to nominate someone to contact us on your behalf. This may include

a financial counsellor, social worker or a friend or family member. Just let us know who your support person is when we speak with you and provide consent for them to act on your behalf, then we can work with them in line with our privacy obligations.

For more information visit our Privacy Policy on our website here – <https://www.dreamtilt.com.au/privacy-policy/>

What if I am having trouble paying my bill?

We will understand that your situation may make it hard for you to pay your bill. Let us know if this is the case so that we can look at how we can help you. We will provide financial hardship assistance where possible and provide you with a tailored response.

You can find a copy of the Hardship Policy here – <https://www.dreamtilt.com.au/financial-hardship/>

We will work with you to find a solution for your individual situation. We provide payment plans or other support, guided by your circumstances.

Contact Us

You can contact Dreamtilt either via phone – 1300 306 126 or email – admin@dreamtilt.com.au

We will treat you with understanding, empathy and respect, and we will do everything we can to help while also complying with our industry guidelines.

We will work with you in a respectful and appropriate way, will check with you about how you want to proceed and will not ask for proof of your situation before providing assistance.
